Accessibility Compliance Form

This form enables the Applicant to verify that the proposed construction will conform to California Building Code accessibility requirements.

ACCESSIBILITY COMPLIANCE DECLARATION

PROJECT ADDRESS: _____

I have surveyed the building at the above address for compliance with required accessibility features per the California Building Code. Proposed alteration work will include any upgrades required to provide compliance with the latest edition of the accessibility features serving the area of work as described in section CBC 11B-202. I acknowledge the following scope of required upgrades:

CHECK ONE BOX

- ☐ The existing required accessibility features serving the area of work are in conformance with California Building Code.
- ☐ Upgrades to the existing condition are proposed to provide full compliance with required accessibility features serving the area of work in conformance with California Building Code.
- ☐ The feasibility of the proposed work will be severely impacted if full accessibility compliance is provided. Not all access features will be provided with the proposed scope of work, thus an Unreasonable Hardship determination is sought. Upgrades will be provided for all features not exempted in the approved Application for Unreasonable Hardship Application. This application can be accessed in Building and Fire Prevention Forms on the City of Morgan Hill website.
